

Tiddlywinkers Day Nursery

Breastfeeding Policy

Breastfeeding has been shown to be the best form of infant nutrition, providing a multitude of health benefits to both infant and mother. We have ongoing support for mothers who wish to provide breast milk for their babies.

Procedure

- **Breastfeeding mothers shall be provided a private area in our staffroom or cot room to breastfeed their baby or express milk. This area does have an electrical outlet and nearby access to running water.**
- **The mothers may store their expressed breast milk in the Babyroom fridge. Mothers should provide their own bottles, clearly labelled with the child's name and date on it.**
- **All staff will follow the mothers wishes at all times and we will support any mother who wishes to breastfeed her baby.**
